Amway Sales Incentive Programs!

Amway's exciting European Sales Incentive Program for 2004-05

Greater Rewards for 2004-05

As your business grows, your access to greater rewards grows too. With each successive pin level you achieve we have designed one-off bonuses to recognise your success. These one-off payments reward the effort you're making and, new for this year, can give you as much as 20,000 euro as a first time Executive Diamond.

Qualification period 2004-05 Bonus

New Platinum €1,500

New Emerald €10,000

New Diamond €20,000

New Executive Diamond €20,000

New Platinum Bonus

For qualifying as a Platinum for the first time, or qualifying again* as a Platinum and achieving six Silver Producer qualification months, in FY 04/05 you will receive €1,500.

- "Qualifying again" as a Platinum means that you have not been at Platinum status or higher throughout the previous Fiscal Year (less than 6 Silver Producer Months both in the FY 02/03 and the FY 03/04) and have never received a New Platinum (or come-back Platinum) SIP Bonus.
- Silver Producer month is achieved with 10,000 Award PV, 4,000 Award PV + 1 qualified national or foster leg, or two qualified national or foster legs.

New European Emerald Bonus: €10,000 is available to reward you when you qualify as a new European Emerald* in FY 04/05.

- *Awarded by Amway for Personally Sponsoring, Foster-sponsoring or Internationally Sponsoring three groups in Europe or Southern Africa, each qualifying at the maximum Performance Bonus level for six months during the same Fiscal Year. New European Diamond Bonus

The New European Diamond Bonus will be extended into FY 04/05. This significant bonus will be paid in addition to any other bonuses paid from either the Activity Plus Programme or the Amway Sales and Marketing Plan. You will receive €20,000 when you qualify as a first-time European Diamond*.

- *Awarded by Amway for Personally Sponsoring, Foster-sponsoring or Internationally Sponsoring six groups in Europe or Southern Africa, each qualifying at the maximum Performance Bonus level for six months during the same Fiscal Year.

New Executive Diamond Bonus: A very exciting new incentive, the New European Executive Diamond Bonus will be launched for the first time starting with the new Fiscal Year. As a new European Executive Diamond* you will receive €20,000.

- *Awarded by Amway for Personally Sponsoring, Foster-sponsoring or Internationally Sponsoring nine groups in Europe or Southern Africa, each qualifying at the maximum Performance Bonus level for six months during the same Fiscal Year or for achieving 10 FAA points or higher.

No borders to success: In FY 01/02 Amway enabled all European Emeralds and Diamonds who have been receiving only recognition for their European achievement to qualify for European Emerald and Diamond Bonuses based on their qualified legs within Europe and Southern Africa.

To qualify for European Emerald SIP Bonus, you need to have in Market Platinum Status and three, Q6* legs in Europe and/or Southern Africa sponsored by this business**.

To qualify for the European Diamond SIP Bonus, you need to have in Market Platinum Status and six, Q6* legs in Europe and/or Southern Africa sponsored by this business***.

This is an incredible opportunity to create additional income for all IBOs with European businesses and is an essential step in promoting the growth of the business throughout Europe and Southern Africa and now forms an established element of the Sales Incentive Program 2004-05.

- * A leg that achieves Silver Producer status six times within a fiscal year.

- ** To earn the Emerald SIP bonus a Platinum can count in market and European Q6 legs: for example a German

Platinum business can have one leg in Germany and the other two legs internationally sponsored from Germany to Austria and Eastern Europe.

- *** To earn the Diamond SIP bonus, a Platinum can count in market and European Q6 legs: for example a Hungarian Platinum business can have one leg in Hungary and the remaining five legs sponsored by the Hungarian business into other countries within Europe or Southern Africa.

An extra 4%: Consistent performance has always been a key to Amway business success, and is rewarded at every level within the Amway Sales and Marketing Plan. For IBOs at the Platinum level there is an additional bonus of 4%, taking the usual 21% and boosting it to 25%. The 4% Founders' Volume Incentive is designed to ensure that you get more, and has two simple qualifying criteria.

1. Achieving qualification to the Leadership Training Seminar (LTS) in the previous ('03-'04) or current fiscal year ('04-'05)

2. Consistently maintaining qualification as a Silver Producer at 21%. Once the qualification for LTS has been achieved either in the previous year or the current year and eleven consecutive months have been achieved, from the twelfth Silver Producer month onwards you will receive the 4% Founders' Volume Incentive based on your award volume* taking the total bonus to 25%. Platinum IBOs should all aim for the extra 4% Founders' Volume Incentive and fully benefit from this great additional monthly income opportunity.

- A Platinum who has not achieved LTS qualification in the previous Fiscal Year will start receiving 4% Founders' Volume Incentive immediately after LTS qualification is guaranteed, based on the volume in the following month.

- All New Platinums who have started receiving the 2% Consistency Bonus prior to September 2004 according to the programme effective for Fiscal Year 2003/2004 will continue to receive this bonus until they reach the 4% Founders' Volume Incentive provided that they continue their consistent monthly qualification.
 - All Platinum IBOs will be granted one grace Month once they qualify for the 4% Founders' Volume Incentive for as long as they maintain 4% qualification. If the IBO re-starts qualification and achieves 4% again, a new grace month will be awarded.
- * Award Volume is the monthly volume that is used to determine a Qualifying Silver Producer month. It includes downline negative volume, and excludes volume from all Maximum Performance downline legs. Consistency always earns the greatest rewards.
